Lunch or dinner is on your own.**

President's Response to Where Are You?

The RESC Board wishes to thank those who responded to our investigative article. We are taking the advice from those who gave us ideas from which we can improve our overall actions and also those which we can include in our luncheon program. More fellowship is requested by greeting each other by members of the board and by the members in attendance especially when new members and guests are present. More variety in our programs. Those who attended the February luncheon may have noticed this. The biggest concern is that of attrition. We must attract and invite new members to stay active. If each member could bring in just one new member, we could overcome much of the loss that occurs with attrition. This is a good organization. Let's not fade away. George Gore, President

Jack Clock

Happy Saint Patrick's Day. On this day of the year everyone is a little Irish. Get out your green and enjoy March 17.

This has been a very busy time for us, and for RESC. I was nominated by the local SME chapter for a community service award, and surprisingly I won. The award was presented to me on February 26. Please see photo below. Timely Creations is also working on the SME Annual Meeting and Professional Development Conference to be held this year from June 9 through the 12th in downtown Cincinnati.

RESC had 30 members and guests attending the *Saint Peter and the Vatican* exhibit at the Cincinnati Museum Center.

RESC is planning a tour of the Main Post Office for March, but as of this writing, the details are still unclear. If you are interested please call and I will fill you in when you make your reservation.

See you at the March meeting.

Yours truly receiving the 2004 Community Service Award for Engineer in Industry or Consulting. It was presented by Beverly Head, the current president of the "Engineers and Scientists of Cincinnati" at the ESC Annual Awards Banquet on February 26, 2004.

Meeting Highlights

Our speakers, Ruth and Art Kupferle were married in 1995. Ruth retired from the Cincinnati Public School System in June 1994 as a Home Economics teacher. She had taught for a total of 31 years in the school system. Art has been an active member of RESC. He has served as treasurer, Vice President and President. He is currently serving as Treasurer again.

Art retired from Cincinnati Bell in 1992 after 41 years of service with the former Bell System in Cincinnati, Murray Hill, New Jersey and Cooperstown, New York. Since their marriage, Art and Ruth have traveled to Norway, China, Tibet, Israel, Turkey, Europe and South America before taking the trip they will be describing at this meeting.

In February they took a trip around the world, going first to Bangkok, Thailand. From there they went to Hong Kong, Nepal, India, England and home via New York. Today they will describe the portion of their trip in Thailand and Nepal and end with pictures of the Taj Mahal in India. While in Thailand they visited the famous Bridge over the River Kwai and in Nepal they spent two days in the jungle and took a scenic flight to Mt. Everest.

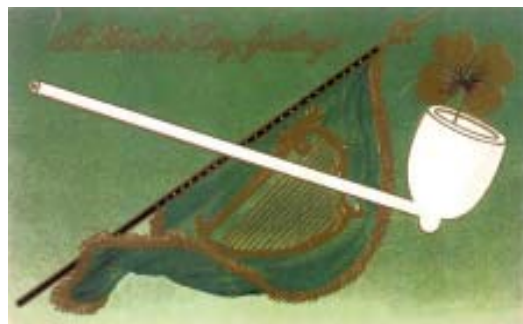

Roy Pryse, our golfing coordinator, tries to rally the golfers in the February meeting audience.

Cathryn Hilker "The Cat Lady of the Cincinnati Zoo" explains the design and construction of the Cheetah, and the details of how it can move so swiftly. She is assisted by one of the handlers from the zoo.

Howard Heineke presents certification of appreciation to Cathryn Hilker at the completion of her presentation.
